Subject: Public Interest Opportunities

TO: Kelly Obenauer

I know that NU students may be looking for public service opportunities in the next year. Any students interested in spending an unpaid internship in Springfield with the Office of the State Appellate Defender may contact our office. Writing appellate briefs and arguing in the appellate court teaches valuable skills to new lawyers while benefitting our indigent clients, most of whom are imprisoned. Jane Raley and Karen Daniel, now with NU's Center for Wrongful Convictions, both worked at our Agency.

Please feel free to contact me about this opportunity.
