

**LIBRARY OF CONGRESS CLASSIFICATION NUMBERS**

**These are general categories for books on U.S. law. Use the Northwestern University Online Catalog, NUcat, for more specific results and other related subjects: <http://nucats.library.northwestern.edu>**

*Note that materials using these call numbers can be found in several locations in the library, including MON (monographs, library main floor near the grand staircase), RESERVE (behind the circulation desk), and TRS (for administrative law subjects, third floor, west side). Also use NUcat for works about law that are not jurisdiction-specific, in subjects K 190-7300, in addition to related works under social science & other fields.*
