Welcome to Planet SSI.

Planet SSI is a web-based management site for all your exams. Your students can obtain and return exams from anywhere in the world with electronic enforcement and reminders of examination deadlines, and full reporting of the exam process. With Planet SSI, exam administration will become more efficient and less time consuming, as administrators will be able to track students’ progress throughout the exam period. Planet SSI reduces the paper-trail associated with exams, and removes the current need to communicate exam times and exam rules. With Planet SSI, take-home exams are made easier for students as well, as they no longer need to rush to campus to ensure their papers are submitted on time.
Planet SSI has been created to help you with every aspect of managing exams. The buttons on the left take you to the various "Engines" that drive Planet SSI. A very brief description of each Engine’s purpose is listed below.

Downloads: This is the engine for downloading Software Secure products.

Exam Center: This is where it all happens. Register for Classes, check Exam availability dates and time, Download questions, Upload answers if it is all done here.

Reports: Engine for obtaining various reports regarding Students and their activity.
