Burke Warren MacKay & Serritella, P.C., through its Diversity Equity & Inclusion Committee, is hosting a paid internship program for two 3L minority law students to commence in the Fall of 2021. The Program is designed to enhance the legal careers of racially diverse third-year law students by providing a practical law firm experience and providing the opportunity to establish meaningful contacts as they begin a rewarding career in the law.

Burke Warren also seeks to address racial inequity in our legal community and ensure that we, as a law firm, are engaging with and open to developing relationships with students of color. Our firm has a strong and established history with respect to gender diversity, and while we are always considering means to forward progress those gender diversity goals, we see the need to address a clear void when it comes to racial diversity and equity. We are excited to better engage with talented student of color and build long-lasting connections with the interns in our program.

Interns will receive a variety of substantive and challenging work assignments. Interns will also receive spectator assignments, including attending hearings, depositions, negotiations, client conferences, and other client-related activities. Spectator assignments will be integrated with research and writing assignments. Work product from each assignment will be evaluated by the supervising attorney and the assigning attorney. Interns will also be encouraged to proactively seek feedback from the attorneys with whom they are working. There will be a formal evaluation mid-internship and at the conclusion of the Program.
